Weather Forecast.

For North Carolina—Partly cloudy Sunday; Monday fair; light to fresh South winds.

Weather Conditions Saturday.

Light frosts at Goldsboro, Lumberton and Weldon, and heavy frost at Newbern, N. C. Minimum temperature in the Wilmington district: Wilmington, 48; Charlotte, 44; Cheraw, 39; Florence, 39; Goldsboro, 40; Greensboro, 37; Lumberton, 35; Newbern, 41; Raleigh, 44; Weldon, 37. Averages, 40.4. Temperatures have risen throughout the cotton belt with very little frost reported Saturday morning, some local frost occurring in the Carolinas. Fair weather has prevailed, except light local rain in Texas and Oklahoma.

Of course Teddy, Jr., is young and tender now but after he gets good and strong and tough, President Roosevelt can sit on the fence and conplacently watch the boys ignore the agreement to be easy-like when they play foot ball.

Congressman Blackman may as well come out of the storm cellar and get in the Republican procession led by the Greensboro Daily Industrial News. He simply dropped his potato by not going to press in time with the alleged Daily Tar Heel.

We know it all now. No use for any further explanations. We have treed the Jonah. Capt. Louis E. Dennis is acting chief clerk of the sanitary department of the Isthmian Canal Commission. The commission surely mislaid its rabbit's foot.

Jack Frost doesn't know anything about the science of medicine and is not skilled in practice along the line of the stegomyia fasciata theory, but the yellow fever doctors will surely welcome him as a proposition that has the screen skinned to death.

"Oh, if we could but go back to the ways of a hundred years ago!" exclaimed a lecturer. That'd be taking the cold trail, pard. No back track for us. We bet we are having a better time than they did when yopon tea was considered better than nothing.

An editorial writer laments that "the press reflects on the other Senators in the flippant way in which they allude to Senators because Senator Burton is under indictment." Come to think of it we ain't got the heart to refuse to apologize for thinking the Senators couldn't cover up their tracks any better than Burton did.

LOCAL DOTS.

—The regular convocation of Concord Chapter No. 1, R. A. M., will be held to-morrow evening at 8 o'clock.

—William Hill, a negro, was arrested out on the yards of the Standard Pole & Tie Company early last night, charged with firing a pistol in the city limits.

—Bladen Superior Court, for the trial of criminal cases, will convene this week, Judge Fred Moore presiding, and Solicitor C. C. Lyon representing the State.

—The Consolidated Company announces a slight change in the suburban schedule, beginning Tuesday, the 17th. The car now leaving the beach at 7:45 A. M. will leave at 8:15 instead.

—The Business Locals department of the Star will be found on our third page to-day. The little advertisements in this department form one of the most interesting features of the Star and are very generally read. Look over them to-day.

—By deed filed for record yesterday Mrs. Anne E. Vollers and H. L. Vollers transferred to C. P. B. Mahler, for $9,300, property at northeast corner of Second and Dock streets, the lot fronting 100 feet on Second street and 165 feet on Dock street.

—The council fires of both Eyota and Cherokee tribes, Improved Order of Red Men, will be kindled in the wigwam on South Front street, Wednesday morning, October 18th, at 9:30 o'clock. Fifteen pale faces captured on the reservation will be scalped.

—By announcement in another column it will be seen that the Cape Fear Trading Co. will move to the store No. 601 North Fourth street during the present week, where, with enlarged facilities, they will be better prepared than ever to serve their customers.

—Abram Price, an obstreperous negro was arrested early last night for disorderly conduct in A. B. C. alley. He was very ugly when Policeman J. R. Minshew took hold of him and the additional charge of resisting an officer in the discharge of his duty was lodged against him at the police station.

—Sis Baldwin, an old offender, was arrested last night at Fourth and Harnett streets for a general affray. When she appeared at the police station she had an ugly scalp wound inflicted with a beer bottle. Dr. C. T. Harper, city superintendent of health, was summoned to the police station to dress the wound.

—Lee Pickett and Sam Lance, country darkeys, were before Justice Bornemann yesterday. The "judge" explained after the trial that they came to town, filled up with liquor on the wharf and one pasted the other in the snout with his fist. The "judge" said they were strangers and he could do no more than tax each with the cost and send them on.

—Why does not some enterprising capitalist of Wilmington invest some of his money in apartment houses? Supplied with all modern improvements and conveniences, they would yield a handsome return on the investment. The Star notes that one in Savannah costing $28,000 has been paying nine per cent. on the cost continuously since its erection.

FIRE AT DISTILLERY.

Retail Storeroom at Troutman's Place Burned; Damage of $200.

The retail storeroom at the whiskey distillery of W. M. Troutman & Co., just this side of Smith's Creek bridge, was destroyed by fire last night about 8 o'clock. The fire originated from a stove in a sleeping room in the same building and it was with difficulty that adjoining property was saved. The blaze lit up the sky in that direction and an alarm was sent in from box 125 on the yards of the Standard Pole & Tie Company. The Department responded in full force, but being outside the water district, only the chemical engine could be used.

The government storehouse, containing a large amount of liquor in barrels, caught fire and was broken open by the firemen and the contents were removed, but the building was later saved. Only a barrel or two of liquor was in the retail storeroom and the loss is estimated at not exceding $200 upon which Mr. Troutman had no insurance. The flames had gained much headway when the alarm was sent in and with the long run the Department had, the apparatus arrived too late to do more than save adjoining property.

Their Little Daughter Dead.

Friends of Mr. and Mrs. R. F. Rowan will sympathize with them deeply in the loss of their little 8-months-old daughter, Nora C., which occurred at 2 o'clock yesterday afternoon at the family home, No. 509 Castle street. The funeral will be conducted at 10 o'clock this morning by Rev. A. McCullen, pastor of Fifth Street M. E. church, and the remains will be taken to Masonboro for interment.

VERDICT FOR HORNE

Plaintiff Awarded $5000 Damages Against Consolidated Company in Superior Court

ADJOURNMENT FOR THE TERM

Motion to Remove Penny Damage Suit to Another County—Cleared Up Odds and Ends From Calendar—Several Appeals.

In the Superior Court yesterday the jury which had in hearing the damage suit of Melvin Horne against the Consolidated Railways, Light and Power Co., returned a verdict awarding the plaintiff $5,000. The Consolidated Company, through its attorneys, Messrs. Davis & Davis and Iredell Meares, appealed the case to the Supreme Court. The jury retired with the issues at a quarter to 1 o'clock and brought in the verdict at a quarter to 5, being out just four hours deliberating largely upon the question of amount. It is understood that one or two of the jurors were at first in favor of giving a verdict for the company and that later in order to reach an agreement, they compromised their differences on the question of how much Mr. Horne was entitled to recover. The issues were submitted and answered as follows:

"Was the plaintiff injured by the negligence of defendant? Answer, Yes.

"If so did the plaintiff by his own negligence contribute to his injury? Answer, No.

"What damage, if any, has the plaintiff sustained? Answer $5,000."

All the morning session of the court was taken up with the completion of argument to the jury by Herbert McClammy, Esq., for Horne, and Iredell Meares, Esq., for the defendant company, and Judge Allen's charge, which was regarded very fair to both sides. Upon the return of the verdict, the notice of appeal was at once given and the usual entry made on the record. The verdict is generally regarded as a victory for neither side and there was some speculation in the court room as to which of the parties to the suit would appeal.

All the afternoon session was given to hearing motions and clearing up matters of detail that had accumulated during the week. There was a motion to set aside the verdict in the case of S. H. Fishblate against the Fidelity and Casualty Company, of New York, but Judge Allen declined to allow the same and Messrs. McClammy and Meares, counsel for the defendant, took an appeal to the Supreme Court. A verdict was given earlier in the week for the full amount of $1,700 claimed by the plaintiff for the loss of an eye.

There was a motion for a new trial in the Monk damage suit, but that also was denied and an appeal was taken to the Supreme Court.

In the noted damage suit of B. F. Penny against the Atlantic Coast Line, ex-Judge E. K. Bryan made a motion to remove the case to another county, having failed of a trial several times in New Hanover, but the motion was resisted by Hon. Jno. D. Bellamy, of counsel for the railroad, and the matter was continued for affidavit. The plaintiff was given 30 days to file affidavit and defendants, 30 days thereafter to file answer.

The following entries were made on the motion and summons dockets:

Chas. M. Whitlock vs. Auburn Lumber Co., order of reference to Eugene S. Martin, Esq., for full report to the next term of the court.

Stephen Chelson vs. M. G. Chadwick, order appointing Walter G. MacRae to survey the lands.

Thos. S. Burbank vs. Consolidated Railways, Light and Power Co., judgment according to compromise; defendant to pay costs.

City of Wilmington vs. Sarah L. Gilbert, Junius Davis and others; former judgment by mistake set aside and judgment given for defendants.

J. Penn Sons Tobacco Co. vs. J. Allen Taylor; plaintiffs take non suit.

R. N. Sweet vs. The Underwriters' Insurance Co. and J. W. Atkinson; order that the Baugh's Fertilizer Co., be made a party defendant.

W. B. Slade vs. Trustees of Shiloh Baptist church; judgment for non-suit.

Murchison National Bank vs. A. E. Alderman, J. T. Naylor and E. F. Young; order of confirmation.

Murchison National Bank vs. P. J. Jeffreys and wife and E. F. Young, order of receiver and transfer to Harnett county.

Murchison National Bank vs. J. D. Motley, J. F. Motley and W. A. Bell, judgment for $250 and interest.

Bellamy Harriss vs. F. W. Kerchner, notice to receiver to file his report by next term of court.

J. Allen Taylor vs. Mrs. A. C. McKinnon; off.

E. K. Bryan vs. Chas. O. D. Lee, et al,; not to be called before Wednesday of next term; by consent to follow case of Smith vs. Moore.

J. C. McLauchlin, receiver, vs. Manie Poisson; J. D. Bellamy marked as counsel for plaintiff.

C. H. Cooper vs. Cape Fear Lumber Co.; judgment off.

T. H. Maxted vs. Helen Maxted, action abated.

Jno. H. Temple vs. The Sneed Co., plaintiff takes non suit.

Cleopatra Dunham vs. Chas. Dunham, off.

Margaret Magarrahan vs. A. G. Ricaud, et al., judgment to be signed out of term as of the present term.

Lester E. Newell vs. Swift & Co., judgment for non suit.

Geo. S. Baxter & Co. vs. J. W. Harper; Bellamy & Bellamy marked as counsel for plaintiff.

Other matters marked off the docket were of no interest.

Judge W. R. Allen, who has presided over the past two weeks of court so ably, left last night for his home at Goldsboro and will go to-morrow to Jacksonville, N. C., to hold a term of Onslow court, having made that one and several other exchanges with Judge Council, regularly assigned to this district for the Fall terms of court.

COUNTY ROAD BONDS SOLD

Seasongood & Meyer, of Cincinnati, Take Entire Issue of $50,000 at Par Bearing Four Per Cent.

The issue of $50,000 New Hanover bonds, for continuing and maintaining the permanent improvement of the public highways of the county, was sold yesterday to Messrs. Seasongood & Meyer, the well known bankers and brokers of Cincinnati, Ohio, who were represented here by Mr. J. B. Works, who has charge of the Southern territory for his firm. In spite of the contention of rival bidders, the bonds were successfully floated for their full face value at four per cent., with accrued interest since July 1st.

The sale is regarded as a splendid one and is said to be the first instance of the sale of four per cent. county bonds at par, the usual rate being from 4 1-2 to 5 per cent., in this State. The sale is, of course, subject to an examination into the validity of the bonds by attorneys for the purchasers and the execution and delivery of the certificates, duly approved by the Board of County Commissioners. The money will be available as soon as the bonds and coupons can be lithographed, which will be about the middle of November.

The bonds were sold by the Commissioners at private sale yesterday at much better advantage than was offered when publicly advertised. Mr. Works, representing the purchasers, met the full Board of Commissioners and all necessary papers were signed by each member of the Board.

The bonds were recently voted by the people of the county at an election authorized by an act of the last Legislature. The present road fund will be sufficient to continue the permanent improvement of the roads until the money from the new issue is forthcoming.

THE CARNIVAL THIS WEEK

Jones-Adams Show Train Arrives From Kinston This Afternoon—Red Men Active In Their Preparations

This week in Wilmington the merry carnival will hold forth down town. It has been several years since the privilege of the public thoroughfares in the business part of the city were granted to a street fair enterprise, but in that respect the Red Men, who will have charge of the one this week, have been especially fortunate and the midway of the Jones-Adams Congress of Novelties and Exposition Shows will be erected on Second, between Princess and Dock streets, and on Market between Front and Second, with the location of other shows on intersecting streets.

The carnival train bearing the shows will arrive this afternoon from Kinston as a special and early tomorrow morning the work of building the tented city will begin. It is hoped to have everything in readiness for the grand opening Monday night at 7:30 o'clock. Chief Quarantine Officer Green will go up the road this morning to meet the carnival train and see that all attaches are properly armed with health certificates.

The Red Men are bent upon making a record for themselves with the present carnival and will have presented only first-class and legitimate attractions.

MR. F. B. HERRING DEAD.

Well Known Bookbinder Succumbs to Tuberculosis—Funeral To-day.

Friends in this city will hear with sorrow of the death of Mr. Fred B. Herring, well known in Wilmington as a bookbinder. Mr. Herring passed away at his home, No. 513 Wooster street, at 2:30 o'clock yesterday morning after an illness of several months with pulmonary tuberculosis. He was in the 33rd year of his age and leaves surviving him a wife and three little children. The sympathy of the community goes out to them in their bereavement.

The funeral will be conducted at 3 o'clock this afternoon from the late residence, the Rev. Harold B. Thomas, of the Chapel of the Good Shepherd, officiating. The interment will be in Bellevue cemetery.

Mr. Herring was a member of Wilmington Division, Naval Reserves, and the company is called to assemble at its armory this afternoon at 1:30 o'clock for the purpose of attending the funeral exercises in a body.

REPERTOIRE ALL THIS WEEK.

Patrons of Popular Priced Attractions Now Have Their Inning.

Not for many moons, in fact not since last season, has the Academy of Music offered a popular-price attraction, but to-morrow night this rest will be broken. Then the Corinne Runkel Stock Company, which is a most excellent organization, will open a week's engagement at the local playhouse and upon this occasion every lady accompanied by the holder of a paid 30 cents' ticket will be admitted free, provided such ticket is purchased by 6 o'clock to-morrow afternoon. The play to-morrow night will be "Little Tampa," one of the popular successes of the day, and it will be given a fine scenic production. The strength of the entire company, which is a splendid one, if press notices are to be believed, will be displayed in the opening performance. Also a clever line of specialities will be introduced between acts. The vaudeville of the company is a feature and is both new and novel.

Read the advertisements in the Business Locals department of the Star. They are interesting. On third page to-day.

VOICE IN DARKNESS

Mysterious Disapearance of Boy Solved By Cry of "Mama" From Closet

FOUND EARLY THIS MORNING

Campbell Street Parents and Friends Searched Late For Missing Child Asleep Upstairs in His Father's Home—Much Excitement.

The community in the neighborhood of the home of Mr. and Mrs. Thos. J. Little, No. 314 Campbell street, was much excited yesterday afternoon and until a late hour last night over the mysterious disappearance of Luther, the little six-year-old son of Mr. and Mrs. Little, who was thought to have wandered away from home and been lost or kidnapped. The last seen of the little fellow was about 3 o'clock in the afternoon. Shortly after that hour Mrs. Little became uneasy about the whereabouts of the boy and when Mr. Little came home, she reported to him that their son had been missing since the early afternoon.

Fears for the safety of the child increased into deep anxiety as night came on and at bedtime when the boy had not returned, the parents were almost frantic with grief. Inquiry was made at the police station but nothing had been seen or heard of the boy. The officers were asked to look out for any child of the description found on the streets or elsewhere and in the meantime searching parties in the neighborhood had been organized and were going all over the northern part of the city in the search. Especial attention was given by the searchers to the tracks of the A. C. L., which lie down an embankment just back of the home and over which shifting engines in addition to the regular trains were continuously passing. But all the efforts were fruitless and some of the friends of the family had gathered at the home of the missing boy to comfort the parents through the night. They were seated in the parlor just after midnight this morning in conversation about the all absorbing topic, when suddenly a cry of "Mamma! Oh, Mamma!!" was heard. The truth was half suspected from the first but it was difficult to tell whence the voice came. However, in a few minutes it was located in a closet upstairs in the home, which had been in a turmoil over the disappearance all night. The party rushed up the steps from downstairs, the door was quickly thrown open and a very drowsy boy, rubbing both eyes and peering curiously at an excited throng at the door, was soon clasped to his mother's breast.

The boy was found and the joy of a mother and father was a sufficient recompense for all the effort that had been put forth. The boy had gone up in the closet during the afternoon and the wind had probably blown the door shut and caugat it with the latch. Either the boy cried himself to sleep, finding himself shut in, or he had gone to sleep in the closet and the door had closed upon him afterwards.

As soon as the lost boy had been found, it was with considerable difficulty that the information was communicated to the various searching parties over the city. The last of the searchers came in after 1 o'clock this morning.

BICYCLISTS MUST BEWARE.

Law as to Bells and Lights Now Being Rigidly Enforced.

Bicyclists—and their name is legion in this good city of ours—must beware of the "cop," if their machines are not provided by day with bells and by night with both a means of alarm to pedestrians and a light to illuminate their pathway. The edict went forth from the City Hall yesterday and when the day men took their beats, every one of them could be seen craning their necks forward for a close scrutiny of every passing wheelman. Of course, it's a trifling matter for the city government to create a stir about, but recently complaints of reckless driving of machines have come to the authorities and they have no alternative to tightening up the law, which will be done in the future.

A dozen arrests of whites and blacks were made yesterday but only one of the defendants was brought in in time for court at noon. He was lectured and dismissed with the costs. The others will receive an admonition from the Mayor and may be asked to contribute something to the city exchequer when their names are called out in the police court to-morrow.

MR. BRUNSON TO NORFOLK.

Resigns Editorship of Charlotte News to Go to Virginia City.

Mr. George W. Brunson, Jr., who is so pleasantly known in Wilmington and who is now here with Mrs. Brunson and their little daughter, visiting relatives, will leave this morning for Norfolk, Va., where he has accepted a position on the editorial staff of the Dispatch of that city. Mr. Brunson resigned the editorship of the Charlotte News several weeks ago to return to Wilmington but there was some hitch in a business deal, which he was negotiating here, and in the meantime he received a very flattering offer from the Norfolk paper, which caused him to make a decision to go there. His many friends in Wilmington—and they are legion—wish him unbounded success in the Virginia field.

Mrs. Brunson and little daughter will not accompany Mr. Brunson to Norfolk until he is comfortable settled there.

PERSONAL PARAGRAPHS.

—Dr. Thos. C. Johnson, of Whiteville, was here yesterday.

—Mrs. H. L. Fennell is the guest of friends and relatives in Greenville, N. C.

—Mr. T. H. Thompson, of the Eagle Paper Company, is in from a very successful trip on the road.

—Mr. George Thomas and his mother, Mrs. G. G. Thomas, left yesterday morning to spend a while in Virginia.

—Yesterday's Fayetteville Observer: "Miss Fan Williams leaves this afternoon for Wilmington to visit Miss Martha Williams."

—Mr. Jas. W. Barnes, Jr., representing the well known commission house of Smith & Holden, New York, is in the city for a day or two.

—Friends of Mr. Gerritt Walker will be sorry to learn that it has been necessary for him to come to the hospital from his home in the country for an operation for appendicitis.

—Dr. L. J. Morel has returned from Beaufort, N. C., where he established a physical culture class in connection with the two schools at that place.

JOKE ON MR. ROUNTREE.

Taxed With Custody of Difficult Mechanism to Which He Objected.

The attorneys for the defendant company in the Horne damage suit against the Consolidated Company have perpetrated a huge joke, in connection with the case, on Mr. George Rountree, of counsel for the other side. The attorneys for the Consolidated Company sprung something of a surprise on plaintiff's counsel during the hearing of the case last week when they introduced to explain how the accident to Mr. Horne occurred, a huge wooden base upon which was constructed a complete system of electric light wiring upon a small scale, with miniature power house, posts, generators, etc., the whole weighing perhaps three or four hundred pounds. Mr. Rountree objected to the introduction of the mechanism for legal reasons, which he cited, and insisted that if the device was to be introduced in the lower court, it must be at once impounded for use in the Supreme Court, if necessary. The attorneys for the other side yesterday had Judge Allen as a joke to sign the following order which places Mr. Rountree in custody of and makes him responsible to the court for the device:

State of North Carolina,
New Hanover County
Melvin Horne vs. Consolidated Railways, Light and Power Co. Order.

It is ordered that the model exhibited on trial in this cause be impounded and the Hon. George Rountree be and is hereby appointed care-taker, without bond and without compensation. W. R. ALLEN,
Judge, etc.

The question is what is Mr. Rountree to do with the model? It is an exceedingly difficult thing to handle, very frail and must be preserved exactly as it was exhibited in court.

ALLEN'S ORIGINAL MINSTRELS.

Appear Here Under Canvas Tuesday of This Week.

Of A. G. Allen's New Orleans Minstrels which will appear here under canvas at Sixth and Red Cross streets on Tuesday, the Fort Worth (Tex.) Mail Telegram says:

"Allen's New Orleans Minstrels had a full house, or rather a full tent, at their opening performance last evening, and everybody in attendance was pleased with the entertainment afforded. It was clean from anything objectionable whatever, and newer by far than many minstrel companies seen in the opera house. The music was good. There was some excellent voices in the company, and the dancing was strictly up-to-date. The cake-walking is a strong feature and brought forth great applause. The two bands mads a good showing on the streets to-day. The performance will be repeated again this evening in the big tent on Rusk, between 5th and 6th streets, and the tent will no doubt be crowded. It is particularly worthy of mention that greater courtesy is accorded patrons by the ushers and attendants than is usually witnessed in tent shows."

Cooper-Alderman.

Friends in the city have received handsomely engraved invitations, reading as follows: "Mr. and Mrs. William Cooper invite you to be present at the marriage of their daughter Esther Eloise to Mr. George Alfred Alderman, Wednesday evening, October 25th, 1905, at half after five o'clock, Presbyterian church, Indiantown, South Carolina." Mr. Alderman and bride will be at home after November 10th, at 611 Grace street, this city.

To See the Mutiny Ship.

The people of the city will have an excellent opportunity to visit the schooner on which the fearful muntiny occurred last week by taking the special trip offered by the steamer Sea Gate, leaving the city this morning at 10:30 o'clock for Southport. The Sea Gate will run close up to the Berwind and passengers will no doubt be given an opportunity of going aboard. The fare the round trip is only 35 cents and the boat will return in the early afternoon.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Saturday Morning, Oct. 14.

PATRONIZE HOME FIRMS.

The following from the Norfolk Virginian-Pilot applies in every particular to Wilmington:

"President Umstadter, of the Retail Merchants' association, in his annual report submitted to that body on Tuesday night, took occasion to call attention to the tendency among Norfolk people to place with out of town firms a great deal of business which by right belongs to Norfolk houses.

"This tendency is unquestionably all wrong and every possible effort should be made to discourage it. It is safe to say that the merchants of Norfolk are the peers of those of any city in the country, and that they carry lines that will suit the tastes of the most fastidious and which are offered at prices and on terms enabling them to compete successfully with merchants anywhere. This being true, it is the duty of citizens to patronize their home merchants. And not only is it their duty, but it is to their interest to keep their patronage at home whenever possible.

"It goes without saying that it is to the interest, directly or indirectly, of every resident of Norfolk that the trade and business interests of the city be developed as rapidly as possible. The more rapidly these interests are developed, the more rapid will be the growth and the greater the prosperity of the city. Every dollar expended with home industries aids in the development of these interests and tends to advance the growth and prosperity of the city, and every dollar sent out of the city for merchandise, which could be as well obtained here, no matter where sent or for what class of merchandise, detracts from the city's growth and prosperity. Not only are the business and trade interests injured thereby, but the city as a whole.

"We are at present engaged in advertising to the world the advantages offered by Norfolk as a business and trade center. We are telling the people far and near that they can buy and sell in Norfolk to a greater advantage than anywhere else. Where is the consistency when we ourselves carry our trade, or a part of it at least, to other cities to the disadvantage and hurt of our home city?

"The warning of President Umstadter is timely and should be heeded. A campaign should be inaugurated to educate the people on the advantages of trading at home. Every resident of Norfolk owes it to himself and to the city to do his trading, whether acting as an individual or as a member of a firm, in Norfolk whenever possible."

Wilmington's enterprising merchants and business men are doing their best to cater to the wants of our people. They erect handsome buildings that beautify our streets and add to the appearance and importance of our city. They lay in large and handsome stocks of goods, and that they sell them as cheap as they can be bought in the larger cities is illustrated in the experience of a lady who decided to do some shopping while in New York. She went into the big stores there and finding that she could buy just as cheaply if not to more advantage in Wilmington and at the same time save express and freight charges, she came home and did her shopping.

Every dollar sent away from Wilmington helps to build up the city to which it is sent. Every dollar sent away from Wilmington takes just that many dollars out of business and out of circulation here, and proportionately detracts from the prosperity which all of us are anxious to boast of for North Carolina's chief city.

HELPING THE COTTON BEARS.

The Wall Street cotton story shows that the frosts in the far South cotton belt, and even in North Carolina and other Atlantic Cotton States, does not cut much ice in advancing the price of either futures or spot cotton. It is the big "into sight" movement that the speculators are looking at and figuring on. The rush of cotton to the ports is helping the bears, whether the cotton is sold after it gets into the ports or is stored away as stock to be remembered by the bears when they are taking stock to see how many bales yet remain to be dumped on the market.

Hester's New Orleans Cotton Exchange statistics, published in yesterday's Star, gave the in sight during the past week as 456,615 bales against 511,000 bales for the same seven days last year when the more than 14,000,000 bale crop was coming in. It is not hard to see the cause of a declining market when the week's into sight is only 54,385 bales behind that which knocked the spots out of cotton last year. Hester also shows that the total cotton brought into sight since September 1st of this season has been 2,585,074 bales against 2,494,429 bales during the same period last year—the big crop year. This is 90,645 bales more for this season's into sight than the big crop year's into sight and the surprising part of it is that it has not created a still bigger slump than has befallen the South's cotton industry. There are other features, however, which operate against a more severe tumble in prices.

The matter was put very strongly in the Star's news columns yesterday morning in a circular issued by the largest single firm of cotton exporters in the country. It is only necessary to repeat this sentence from that circular to tell where the depression of prices comes in: "Many holders who desire an advancing market are hindering an advance by consigning their cotton to the ports, where it is counted in the stocks of these ports, increasing the supply in sight and adding a corresponding depression to the already overladen market." That is the milk in the cocoanut.

This view of the situation by a large operator in cotton at Charlotte and other points, adds a valuable contribution to the subject:

"An Observer reporter called upon Mr. Jasper Miller yesterday and in reply to the newspaper man's queries as to the market conditions, Mr. Miller said: 'The situation, so far as the producer and speculator is concerned, is acute, and there is a crisis that must be met within the next few days. The fight is on, and the question now is, 'will the farmers surrender to Wall Street bears and receive 6, 7, or 8 cents for their cotton, or will they hold their crop and secure 10, 11 or 12 cents for it?' The farmers are the producers of the cotton and by standing 'pat' they can exercise their right to name their own price. There is only one thing needed, and that is concerted action. The price of the staple was raised from 6 1-4 to 11 cents last Spring, and the situation now is much better than it was then. The farmers can secure 11 cents for their cotton if they will only say that they desire such a price and are willing to hold to their cotton for it. There is no question as to the outcome.'

"Mr. Miller added that he was one to advise a reduction of acreage last Spring, and to hold for 10 cents or more. He declares that the trade conditions now are better than for years, and with a moderate crop, fully 25 per cent. less than that of last year, cotton should bring its full value. Mr. Miller ended by saying that the world would use all the cotton grown at 11 cents or above.

"The concensus of opinion among those who have been watching the market closely for the past several weeks, believe that an effort is to be made to test the efficiency of the Southern Cotton Association, and to see if the farmers who compose this organization are willing to put faith in the declarations of their officers. Mr. Miller voices the sentiments of a number of Charlotte cotton experts."

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A HARD ROW

And a long pull describes the pathway of a woman afflicted with female weakness unless she is under the care of a doctor who has had successful experience in the treatment of such cases or else has found the right remedy which can be safely used independently of the doctor.

Forty years ago, Dr. R. V. Pierce found that women were being grossly maltreated—mainly through ignorance and carelessness, and he determined to devote himself to study and research till he found the real cause of their suffering and a proper remedy for it.

He found it, and dug from Nature's Laboratory, the earth, *Nature's remedies* for woman's weaknesses and ailments. He found in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, the required ingredients.

The remedial virtues of these he extracted, combined and preserved by his own peculiar non-alcoholic, glyceric processes, and the compound is now known the world over, as Dr. Pierce's Favorite Prescription.

"The wearing of corsets too tight seemed to have brought on an abdominal pressure, weakening the ligaments and resulting in displacement, which troubled me until I was not fit to walk, and at times could hardly stand," writes Mrs. Beverly Sitgreaves, of 124 Fulton St., San Francisco, Cal. "A neighbor advised me to try Dr. Pierce's Favorite Prescription. Before the first bottle was used I felt much better. Improvement went steadily on, and within four months I was like a new and well woman once more. I am now perfectly well and strong, and extremely grateful to you for your blessed remedy—a boon to sick women."

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover mailing and he will send you a free copy of his 1008-page Common Sense Medical Adviser, paper-covered. Cloth-covered 31 stamps.

DIZZY?

Read This "A friend of mine suffered with backache, headache and dizzy spells, and seemed quite worn out from menstrual troubles," writes Miss G. N. Garrett, of Mayersville, Miss., "but she took Cardui by my advice and is now well."

Are you dizzy? Does your head swim? Do your eyes blur? Is your stomach sick? In women, these symptoms are often signs of disordered nervous system, or of liver or heart trouble, brought on by carelessness in regulating the menstrual functions. These functions are even more important to women than the bowel functions to either sex. Even if there is no stoppage, still, a gentle, cleansing, menstrual draught should be taken now and then—every doctor will tell you so. Otherwise the menstrual blood will decay inside you, and will be absorbed into your system, causing such pain and suffering as will make you lose all interest in life.

To cure yourself, take woman's best and safest remedy, menstrual cleanser, tonic and pain reliever, is the old, reliable, time-tested medicine, which, for over 70 years, has been a household word in America, viz:

CURRENT COMMENT.

—The circuses have to pay the City of Norfolk $250 for every parade they give here. Unless the parades get better, it may be necessary for the city to add imprisonment to the fine.—Norfolk Landmark.

—The man who shaved the woman's head and eyebrows in Greenville was the woman's husband, and he is now asking the public to suspend their judgement. It would be a good thing if the public could suspend him.—from a limb.—Newberry (S. C.) Observer.

—To sell cotton now is to contribute a tithe of your income to the speculator. If the farmers everywhere would hold cotton as Marion county is doing, they could get what they pleased for the crop. Two bales were sold in Marion Friday and none since.—Sumter (S. C.) News.

—Policy holders in some of the life insurance companies thought they were laying up a fund for the benefit of their own families. The investigation shows that they have been providing for the families of the officers and directors of the companies instead.—Savannah News.

—A beautiful simile of Mr. Rockefeller's should become immortal. In a farewell address to his Cleveland Sunday school, he said: "We should be like the pump, which not only sucks up, but gives out." It depends, of course, upon just how you look at this exquisite trope. To most persons Mr. Rockefeller seems to be the pump that sucks up, but never gives out—that is, never wears out.—Columbia State.

—In the last presidential campaign, when silverism was not an issue, the Mutual Life Insurance Company gave the Republican Campaign Committee $40,000. In 1900, when silverism was a subordinate issue it gave $35,000. In 1896, when it was the same issue overshadowing everything else, and the business community was panic-stricken at the danger of cheap money, it gave only $15,000. That shows the hollowness of the pretenses that these are not really political contributors, but were non-partisan gifts to sustain the cause of honest money.—Philadelphia Record.

—Yesterday's paper told that the Tammany Society, of New York, had nominated James W. Osborne for district attorney. This means election. For eight or ten years Mr. Osborne was an assistant district attorney for the county of New York and prosecuted a number of the most important cases arising there during that period, among others the Molineux case. After his great victory in this prosecution, his chief, District Attorney Philbin, wrote him a letter of congratulation, ending with these words: "I have no doubt that you are the greatest criminal lawyer in the United States." Mr. Osborne resigned his position and has entered upon a career of private practice which is almost phenomenal, even in New York. Charlotte and all North Carolina, even the South, deserve to take pride in the successful career of New York's next district attorney.—Charlotte Observer.

THE COTTON MARKET.

New York, Oct. 14.—The cotton market opened easy at unchanged prices to a decline of 2 points and increased the loss to a matter of 4 to 3 points during the early session under bear pressure and liquidation prompted by higher temperatures South, predictions that the cold wave in the northwest would not reach the belt and rumors of a run on a Southern banking institution. Around 9.77 for January, however, the market rallied on reports that the Southern difficulties were not important and week end covering, with the market in the middle of the morning steady in tone at a net advance of 3 to 4 points.

Receipts of cotton at the ports today, 49,047 bales against 60,486 last week, and 50,619 last year. For the week (estimated), 350,000 bales against 347,062 last week and 397,409 last year. Coal -- Wood -- Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price they buy a ton, pay for it, and have it sent home. A little later on they get another tton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

Anthracite Egg	$6.50 per ton
Anthracite Stove	6.50 per ton
Anthracite Chestnut	6.50 per ton
Best Tennessee Jellico Lump Coal	5.50 per ton
Best Virginia Lump Coal	5.00 per ton
Wood cut any desired length	1.25 per load

Happenings and Doings in Society

—BY G. N. H.—

Miss Margaret L. Haughton, of Pittsboro, is visiting her sister, Mrs. Thos. C. James.

* * * * *

There is much regret in the younger set over the departure of Miss Nannie W. Holladay for Spartanburg, S. C., where she goes to enter Converse College.

* * * * *

Miss Lilla Bellamy is on a delightful visit to her brother, Dr. Russell Bellamy, in New York. Miss Bellamy will be absent from Wilmington until about the middle of November.

* * * * *

Mrs. Norwood Giles wil spend the Winter in this city, and is at the Dunn home, 104 Seventh street, North. This will be pleasant information for Mrs. Giles' many friends.

* * * * *

Miss Lillian Slocomb, of Fayetteville who is always a welcome visitor to Wilmington, spent several days during the past week with friends in this city.

* * * * *

We hear of several social functions on the tapis for next month, embracing anniversary receptions, cards and teas, but are not at liberty to speak definitely of them as yet.

* * * * *

Mrs. Edward C. Holt will return this week from a pleasant Summer's visit to the mountains of Western Carolina. Many friends will be pleased to learn that her daughter, little Miss Dolores, has entirely recovered from the results of her frightful fall in July.

* * * * *

Miss Sallie B. Turner, a popular young lady of Charlotte, returned to her home Wednesday, after a pleasant visit to friends in this city. Miss Turner made many acquaintances who regret her departure and who will always welcome her to Wilmington.

* * * * *

Mr. and Mrs. Chas. N. Evans, of Charlotte, are comfortably settled at No. 505 Chesnut street. Mrs. Evans will be missed in social circle in her former home, but hospitable Wilmington glady welcomes herself and husband to its social pleasures.

* * * * *

There is much speculation in one social circle, as to who will be the next to announce a matrimonial engagement. There are several "suspects" and friends are keenly alive to all signs tending to an opportunity to offer congratulations.

* * * * *

Miss Margaret Corbett left Thursday for Baltimore, where she will take voice culture at Mt. Solles and St. Timothy. Miss Corbett has a voice of much sweetness and compass and will be under the care of very proficient masters in its cultivation.

* * * * *

A large circle of friends will be pleased to learn of the return of Mr. and Mrs. Robert W. Wallace, after a temporary residence in Kenansville. Wilmington holds many attractions for Mr. and Mrs. Wallace and their friends gladly bid them "welcome home."

* * * * *

The social season will be formally opened by L'Arioso German Club, Wednesday evening, 25th. inst., with a dance in the Masonic Temple ballroom, led by Mr. Clayton Giles, Jr. The membership this season is the largest in the history of the club and embraces the names of 58 gentlemen. Patronesses for the season have not yet been named by the Governing Board of the club.

* * * * *

The Misses Elizabeth and Elovine Burruss are visiting at Edgewater, the country home of Mr. and Mrs. Burruss Corprew, near Norfolk. Before returning to Wilmington the Misses Burruss will visit Miss Francis Creveling at Auburn, New York. Miss Creveling is pleasantly remembered in this city, having made a visit last May to Mrs. Van Dyck, at the Bungalow, Point Peter.

* * * * *

Among the Summer absentees who returned to the city during the past week were: Mrs. Robt. Strange, Mrs. Ed. L. Prince, Mrs. Geo. Harriss, Mrs. Jno. Wilder Atkinson, Miss Strange, Mrs. Andrew H. Harriss, Mrs. Jno. M. Wright, Mrs. B. Solomon, Mrs. J. Walter Williamson, Mrs. A. C. Kenly, Mrs. R. R. Albright, Miss Caroline K. Myers, Mrs. Eugene W. VanC. Lucas, Mrs. Edwin A. Metts, Mrs. W. E. Perdew, Miss Annie Perdew, Mrs. E. B. Wiggins, Mrs. M. F. H. Gouverneur.

* * * * *

Miss Katharine Lee Beckwith and Mr. Dennis Hobday Lee were quietly married in St. James Episcopal church on Wednesday afternoon. Mr. and Mrs. Lee left on the northbound train, immediately after the ceremony, for an extended bridal tour, which will include a visit to Mr. Lee's parents in Prince George county, Virginia. The young couple have been residents of this city for the past two years and have made a pleasant circle of friends. They will be at the Morrison home on North Fifth street, for the Winter, after November first.

* * * * *

The State Convention United Daughters of the Confederacy, closed its ninth annual sessions at Morganton the past week. Mrs. London, of Pittsboro, was re-elected president; Miss Laura M. Biggs was elected first vice-president; Mrs. M. S. Willard, of Wilmington, second vice-president; Mrs. Hunter Smith, of Fayetteville, third vice-president; Mrs. F. M. Williams, of Newton, recording secretary; Mrs. J. P. Alston, of Pittsboro, corresponding secretary; Miss Mary T. Oliver, Newbern, treasurer; Mrs. A. L. Smith of Charlotte, registrar; Miss Rebecca Cameron, of Hillsboro, historian; Mrs. W. O. Shannon, of Henderson, assistant historian; Mrs. Rufus Barringer, of Charlotte, was elected an honorary vice-president.

* * * * *

An event of much interest and pleasure was the delightful informal reception given by the officials of Grace Methodist church on Wednesday evening in the church parlors, which were made more beautiful by decorations of potted palms and cut flowers. Selections by an excellent orchestra during the evening added to the pleasure and entertainment of guests, and light refreshments were deftly served by young ladies of the congregation. Those who assisted Rev. and Mrs. Watson receive were: Mrs. James F. Post, Mrs. Jno. F. Garrell, Mrs. Edward Borden, Mrs. Charles C. Covington, Mrs. Archibald C. Craft, Mrs. James F. Woolvin Mrs. N. M. Culbreth and Mrs. Benjamin J. Jacobs. The names of gentlemen in attendance, and receiving, are purposely omitted, for who ever gave a man a second glance at a reception or marriage? He is only a necessary concomitant and what importance he has,

SPIRITS TURPENTINE.

—Mr. L. U. Campbell purchased, on October 9th, from the Carolina Tin Company, with headquarters at Charlottesville, Va., the Jones tin mine, a few miles from Bessemer, N. C., and about ten miles from Kings Mountain, in Gaston county. Mr. Campbell will make extensive improvements, and push the property at once. A very valuable tin property just outside of Gaffney, S. C., has been purchased by Mr. E. B. Huskey.

—Charlotte Observer, October 14: The will of the late Mrs. Alice A. Graham, the wife of Dr. George W. Graham, was filed with the clerk of the court yesterday. No valuation was put upon the estate, but it is estimated that it is worth between $30,000 and $40,000. The bequests are almost entirely to immediate relatives. One share of stock is willed to Davidson College to be used in assisting to education candidates for the Presbyterian ministry.

—The first snow of the season is reported to have fallen in the Reems Creek section of Buncombe county Wednesday night. A party of Asheville fox hunters who spent the night on the Craggy range in that section report that the snow flakes fell at intervals during the night and that there was a formation of ice Thursday morning. At one time during Wednesday night snow fell in sufficient quantity to be noticeable on the ground.

—Charlotte Observer, October 14th: Calvin Simmons, a negro who lived on the Dowd place southwest of the city, was shot and killed by Dave Alexander, one of Mr. John Sloan's hands, last night about 12 o'clock, at Moore's church, in Berryhill township, where the colored people were having an entertainment. The ball entered from the back and caused instantaneous death. The negro who did the shooting escaped and Sheriff Wallace was summoned.

—The preliminary hearing of Will McAfee, charged with an assault on Professor Charles Olsen Monday night with a deadly weapon, was brought to an abrupt end in the Asheville police court Friday morning upon testimony of Dr. E. B. Glenn that Mr. Olsen's condition was growing worse and that a mild form of blood poison had set in. It was stated that Mr. Olsen's condition was such that the outcome of the injuries could not be told for several days, and the hearing was continued until next Tuesday morning at 9 o'clock. McAfee was held in $1,000 bond for his appearance Tuesday.

Full of Tragic Meaning.

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At R. R. Bellamy, druggist; guaranteed; 50c and $1.00. Trial bottle free.

Over Half a Million

SATISFIED CUSTOMERS

Do you think such an enormous business could be built up and continually increased, if our goods did not have exceptional value and merit?

Do you think we could hold the trade of half a million people, if our reputation for doing exactly what we say wasn't firmly established?

Do you think U. S. Senators, Foreign Ambassadors, Bankers, Business and Professional men in every section of this country would keep on using HAYNER WHISKEY if it wasn't all right?

Do you think doctors would recommend it and hospitals use it, if it wasn't absolutely pure and unadulterated?

Just think these things over carefully and then send us a trial order. Your money back if you are not satisfied.

United States Senate, Washington, D. C.

WORLD'S BALL CHAMPIONS

New York Nationals Win Fourth Game From Philadelphia Americans—Score Was 2 to 0.

By Wire to The Morning Star.

New York, October 14.—Amid the frenzied plaudits of more than 24,000 baseball enthusiasts the New York National League champions won the world's professional baseball championship on the Polo grounds today by defeating the Philadelphia American League team in the fifth game of the post-season series, by the score of 2 to 0. Of the four previous games, New York had won three and Philadelphia one.

Mathewson and Bender confronted each other today in what proved to be the final contest. In the opening inning the New York pitcher was apparently not at best, while his Indian adversary afforded a splendid exhibition of the pitcher's art. Mathewson's however, soon rallied and although he contributed the only two field errors in the game, he held the visitors safe. The victory, however, was not due so much to his effectivenes as to the clean sharp fielding of the New York men. The visitors weakened in the infield and after his brilliant opening Bender lost control.

The division of the receipts will net the winning players $1,142 each and the losers $420.

The score:

Philadelphia .....000000000—0.
New York .....00001001x—2.

Summary: Two base hits—Powers, Bresnahan. Sacrifice hits—Devlin, Mathewson. First base on balls—Off Mathewson, 0; off Bender, 3. First base on errors—Philadelphia, 2. Struck out—By Mathewson, 4; by Bender, 4. Double plays—Dahlen, Gilbert and McGann; Hartsel, M. Cross and L. Cross. Left on bases—Philadelphia, 4; New York, 4. Time: 1:25. Umpires O'Day and Sheridan. CAROLINAS DEFEATED.

University Football Eleven Went Down Before Pennsylvania.

By Wire to The Morning Star.

Philadelphia, Oct. 14.—Pennsylvania defeated the University of North Carolina to-day by a score of 17 to 0. The visitors attack lacked power and their defense was poor. Pennsylvania scored once in the first half and twice in the second.

The North Carolina line up was as follows:

L. E., Townsend; L. T., Abernethy (Gardner); L. G., Gardner (A. Snipes); C., Parker; R. G., Trailer; R. T., Storey; R. E., Singletary; Q. B., Sadler; L. H. B., Windbourne; R. H. B., G. Snipes; F. B., Robertson (Thompson).

Indians Down Virginians.

Richmond, Va., Oct. 14.—Eight thousand people witnessed the football game between the University of Virginia eleven and the Carlisle Indian team this afternoon. The Orange and Blue predominated in the crowd, of course, but here and there the Indian colors showed, and there was not lacking plenty of generous cheering for the red skins throughout the playing. The Virginians were out classed. The Indians were very much the heavier and were the superior in team play. The result was a score of 12 to 0 in favor of the Carlisle eleven. The Virginians contested every inch of ground but it was to no avail. The heavy mass plays of the Indians were almost irresistible, while on the other hand the Indian line was practically impregnable to the lighter warriors from Charlottesville. The playing was fast and furious from beginning to end and Virginia suxered noticably in the matter of having men knocked out. Nobody was seriously injured, however. The game was clean throughout. The star playing for Virginia was done by Barney and Cooke particularly the former; that for the Indians by Exendine, Porter, Libby and Dillon.

GIGANTIC WAVE CLAIMS VICTIMS

Big Cunard Steamer Campania Scooped Enormous Sea That Swept Decks

FIVE PASSENGERS LOST

Thirty People Dashed About and Badly Injured—Thrilling Escape of Several Children—Wave Suddenly Took Huge Steamer.

By Wire to The Morning Star.

New York, October 14.—Five lives are known to have been lost and more than 30 persons injured, some of them seriously, on the Cunard Line steamer Campania last Wednesday, when a gigantic wave rolled over the steamer and swept across a deck thick with steerage passengers.

John Graham, of Milwaukee, was one of the passengers washed overboard, and lost. He was traveling in the steerage. In addition to the name of John Graham the Cunard line officials today gave out the following names of steerage passengers who were washed overboard: Margaret C. Leary, Mary Cosgrowe, Niels Ikberg, Elizabeth Gunadotter.

The Campania was going under full headway Wednesday afternoon. A heavy quartering sea was running but the weather conditions were far from unpleasant and the big boat's decks were crowded with passengers. The steerage deck was covered with merrymakers and there was nothing to indicate the approaching disaster when suddenly the big steamer lurched to port and scooped up an enormous sea. The wave boarded the steamer about midships on the port side and swept clear across the steerage deck, completely filling the space between that deck and the deck above and carrying everything with it. The steamer's side was buried so deep that the passengers on the deck above the steerage were submerged to their waists as the immense volume of water rolled aft and then surged forward. All the cabin passengers on the upper deck succeeded in clinging to supports, while the water surged around them and were saved, but the unfortunates on the steerage deck found themselves utterly helpless.

The irresistible rush of waters sweeping toward the forward part of the ship carried everything before it. Nettings, heavy railing and other obstructions which had been arranged near the railings to prevent passengers from being washed overboard, served their purpose only in part. So great was the volume and force of the rushing waters that a door in the rail was smashed and through this opening five of the helpless ones who had been caught by the wave were swept to their death.

Others dashed against the rails and other like obstructions escaped death. Many of these received severe injuries. One young woman had both legs broken at the thigh and several persons suffered broken arms and ribs while more than a score were bruised and battered.

When the wave cleared the vessel, the forward part of the deck was strewn with injured and for hours Dr. Verden, the ship's surgeon, aided by a number of physicians, was busy in attending to their hurts. In the meantime an inspection of the steerage was made by the ship's officers and it was learned that five of the passengers were missing.

From one of the steerage passengers it was learned that the lives of several children were saved by a stewardess, Miss Cotes, and a deckhand. The little ones were playing about the deck when they were caught in the whirl of water and carried aft with the others.

On the return rush of the wave the children were being carried directly toward the open door through which the five who lost their lives had been carried, when Miss Cotes and the steward rushed to their rescue and dragged them back to safety.

Wednesday's disaster marks the first time in the Cunard Line's history of more than sixty years that a passenger has been lost from one of the steamers by accident.

Although some of the passengers thought that the Campania should have stopped in an attempt to save those who were washed overboard, the officers say that this was practically an impossibility. Both passengers and officers say that the waves in Wednesday afternoon's gale were the highest they have ever seen. At times they broke as high as the top of the smokestacks. An hour before the accident a second officer of the bridge was struck by the descending crest of a wave which knocked him down and rendered him unconscious. He was taken to the hospital.

Many steerage passengers, upon landing at the dock today fell upon their knees and offered prayers of thanksgiving over their safe arrival.

Madame Calve Sang.

New York, October 14.—An experience with the same storm which caused the loss of five passengers on the Campania, was reported by the steamer LaSavoie on her arrival here today. Last Wednesday LaSavoie ran into a northeast hurricane. Madame Calve was a passenger on the steamer and when the storm was at its height and the passengers were locked in the cabins many of them badly frightened, Madame Calve appeared and announced her faith that the storm would be passed through in safety, she sang until her fellow passengers were again in good spirits.

BEAUFORT & WESTERN RAILWAY

Company to Bridge Sound from Beaufort to Morehead.

By Wire to The Morning Star.

Charlotte, N. C., Oct. 14.—A special to The Observer from Beaufort says that the Beaufort & Western railway under charter granted by the last Legislature, was organized to-day with $250,000 capital to build a bridge and railroad from Beaufort to Morehead City. It is probable that other extensions will also be built later. Directors were elected as follows: F. L. Merritt, R. P. Foster, M. Manly, W. A. Mace, and C. D. Jones.

The following officers were elected: President, F. L. Merritt; vice-president, R. P. Foster, secretary and treasurer, M. Manly.

FEVER SITUATION GENERALLY IMPROVED

New Orleans Had 19 New Cases Yesterday and Five Deaths—Pensacola, 11 Cases.

By Wire to The Morning Star.

New Orleans, Oct. 14.—The following is the official summary of the yellow fever record in New Orleans up to 6 P. M. today:

New cases today, 19.
Total cases to date, 3,305.
Deaths today, 5.
Total deaths to date, 425
New foci, 7.
Cases under treatment, 156.
Cases discharged, 2,721.

The remarkable feature of the Saturday report is that only seven of the new cases are below Canal street and eight above, which is the first time since the fever started that the preponderance has been uptown. There have been three cases in Algiers and one in West End. All but one of the deaths were down town. There are now only 156 cases under treatment and the number is being rapidly reduced. The emergency hospital discharges daily more patients than it receives, the admission being only one or two a day.

Following the suggestions of Dr. Souchon and Dr. White, many of the parishes have agreed to raise the quarantines on October 15th. Ten positive answers have been received and several tentative ones stating that such action would probably be taken in the next few days. The opening of Baton Rouge, the State capital, has resulted in a rush to that town. Hundreds of commercial travelers, who have been in the city for two months, will get out Sunday.

There will be general fumigation. It is thought, however, that infected mosquitoes exist and have taken refuge in houses and the whole population has been urged to disinfect. Depots were opened in every precinct of New Orleans for the free distribution of sulphur. Tomorrow a number of towns and parishes will release quarantines against New Orleans.

Unfavorable Weather in Missisippi.

Jackson, Miss., Oct. 14.—Higher temperatures throughout the State today mean that there is no immediate prospect of the quarantines being lifted. The official summary from infected points tonight is as follows:

Natchez, 3 cases; two new foci.

Vicksburg, one new case, no deaths; total cases to date, 133. Deaths, 14; under treatment, 21; total cases in county, 45; deaths, 2; under treatment, 4.

Port Gibson, 3 new cases and one death.

Rosetta, one new case, one suspicious case.

Gulfport, one new case.

Improved at Vicksburg and Natchez

Vicksburg, Miss., October 14.—For the 24 hours ending at 6 P. M., only one new case of yellow fever was reported and that in an old foci.

Natchez, Miss., Oct. 14.—The fever situation showed a slight improvement today when only three new cases were reported. One of the three cases is a new foci in the eastern part of the city. Two of the patients are white. Four patients were discharged to-day. Of the large number of patients treated at the hospital not one has been lost.

Eleven Cases in Pensacola.

Pensacola, Fla., Oct. 14.—The yellow fever summary for tonight is as follows:

New cases today, 11; total cases to date, 394.

Deaths today, one; total deaths, 53.

Cases discharged, 161; cases under treatment, 181.

The decreased number of cases has caused much satisfaction in the city and State health officer Porter stated tonight that he felt encouraged and pleased over the day's report. Success is attributed to the steady fight which has been made against the mosquito.

WARM WIRELETS

A Richmond dispatch announces that the Rev. Dr. Robert W. Forsyth, of Wilmington, Del., has accepted the rectorship of the historic St. Paul's Episcopal church, of that city, and will report for duty in Richmond, December 1st. Bishop Strange of the Diocese of East Carolina was rector of St. Paul's when he was elected to the Episcopacy.

The appraisement of the estate of William M. Rice, the octogeniarian millionaire who died on September 23, 1900, and for whose death by poison Albert T. Patrick was senteced to death was filed in the office of the surrogate in New York yesterday. The gross personal estate held by Mr. Rice in New York State, is estimated at $3,300,577 and the net personal comes to $2,520,080 after deducting several items

NEGROES ARE INDIGNANT.

Jim Crow School in Pennsylvania Creates Race Feeling.

By Wire to The Morning Star

Pittsburg, Pa., Oct. 14.—The Board of Education of McMahonborough, a suburb of Monessen, Pa., has stirred up much ill feeling between the white and colored citizens by establishing a "Jim Crow" school. The negroes claim there is no law in the State to compel them to send their children to the new school, and the Board declaring it is acting within the provisions of the law by supplying a school and teacher, has ordered the truant officer to enforce attendance. This afternoon the Afro-American Republican League went into the county courts at Greensburg and secured a writ of mandamus against the School Board compelling it to show cause why negro children should not be permitted to attend the public schools. The rule is returnable next Friday.

EARTHQUAKE IN JAMACIA.

Island Shaken Violently For Two Days.

By Cable to The Morning Star.

Kingston, Jamaica, Oct. 14.—Two earthquake shocks of unusual duration and affecting the whole of the island of Jamaica were felt here this week. The first shock was on Thursday evening and lasted nearly a minute. The second and most severe occurred today, and lasted for a minute and a half. The undulating motion of the ground made some persons ill. There was no damage to property.

FRENCH GOSSIP STIRS GERMANY

Story of LeMatin Believed That Great Britain Really Meant War

WOULD HAVE AIDED FRANCE

Germany Believes She Could Lick France and England on Land But Trembles About Sea Power—Will Build Big Navy.

Berlin, Oct. 14.—The North German Gazette prints at the head of its columns this morning an important semi-official paragraph regarding the Matin's revelations. It exonerates the French government fully of any connection with the so-called revelations and accepts frankly the British government's denial of an offered alliance, as given in a dispatch to The Associated Press from London on Friday. The article continues:

"We can state that the British government spontaneously sent here a communication of similar contents, and it was received on the German side with the same loyalty with which it was given. An incident between Germany and Great Britain has not been created by the assertions of the Matin."

Germany Preparing for England.

Berlin, Oct. 14.—The disclosures in France of alleged British offers of alliance against Germany are so thoroughly believed here that the powerful naval league with its 600,000 members and all the apparatus of agitation is already moving for a new naval programme that shall further increase Germany's defensive resources against Great Britain. Popular distrust of Great Britain has naturally swollen to great proportions and the semi-official denials in London cannot overcome the convictions now formed that Germany had a narrow escape from a war, in which although she would have been victorious on land, would have resulted in her being crushed at sea and damaged along the coast, with the consequent destruction of her oversea commerce. The events of the last four months have silenced the opponents of a naval increase except the socialists and radicals.

While time and money beyond Germany's resources would be necessary to equal Great Britain's present navy, not to speak of her future buildings, yet the feeling is that Germany will for defensive reasons build as many more ships as the country's finances will bear.

Bitterness in France.

Paris, Oct. 14.—Public opinion has been wrought up during the present week by alleged revelations of Great Britain's readiness to invade Germany on behalf of France. These revelations excited intense political bitterness. From the mass of contradictory revelations and denials, the fact stands out that the Morocco controversy took Germany and France dangerously near the verge of war and that Great Britain, while not officially promising military aid stood ready to give France her loyal support.

TO RECEIVE THE PRESIDENT.

Wilmingtonians Named on The Committee for Raleigh Reception.

(Special Star Telegram.)

Raleigh, N. C., Oct. 14.—Announcement is made to-day of the principal committee from the State at large to receive President Roosevelt Thursday, among them being Mayor A. M. Waddell, of Wilmington. To-night the name of B. F. Keith was added by Mayor Johnson on the receipt of a letter from him saying that he was a personal friend of the President.

The official programme for the entertainment of the President was issued to-night but differs in no material way from what has already been published.

NEGRO SHOT YOUNG WIFE.

Hester McNeill Wounded Twice By Husband Last Night.

The hospital ambulance received a hurry call to go to Sixth and Nixon streets last night about 11 o'clock. Hester McNeill, colored, 19 years old, a bride of only a few months, had been shot by her husband and there was much excitement in the neighborhood. The woman was taken to the hospital where an examination disclosed that she had been shot twice. One ball passed through the right thigh and the other through the foot, breaking a bone.

McNeill made his escape and had not been arrested at last accounts. The woman's condition is not serious.

As to the Bird Law.

Now, don't make the mistake of going bird hunting to-morrow. If you do, and you can hit anything, it will prove an expensive day to you. It will cost you $20 for every protected bird killed; and this, of course, includes partridges. The last Legislature passed a special act for New Hanover county that extends the close season to November 1st., and you cannot shoot birds before that date without violating the law. And don't forget that Mr. E. H. Freeman, the game warden for New Hanover county, will enforce the law "without regard to race, color or previous condition of servitude." The law applies to both New Hanover and Brunswick counties and half the fine imposed in any case goes to the informer.

WAS UNDER ASSUMED NAME.

Man Arested In Florida Wanted at Marion, S. C.

By Wire to The Morning Star.

Tampa, Fla., October 14.—After living here under an asumed name, Raymond G. Berry formerly member of the school board at Marion, S. C., who is wanted there for embezzlement of public funds, was arrested today. Berry has been known here as R. W. McIntyre and has been representing a Baltimore house. He has a wife and three children here and a brother at Bartow, Fla., a contractor. He admits he is the man wanted but denies that he is guilty of any crime.

TREATY OF PORTSMOUTH FORMALLY RATIFIED

Emperors of Germany and Japan Signed Yesterday—America and France Go-Betweens.

By Wire to The Morning Star.

Washington, Oct. 14.—The Emperor of Russia and the Emperor of Japan this morning signed their respective copies of the peace treaty, thus officially ending the war.

Baron Rosen, the Russian ambassador, called at the State Department today and saw Secretary Root. While he had no official advices on the subject, information had reached him to the effect that the Emperor of Russia had early in the day affixed his signature to the treaty.

A few minutes after noon Minister Takahira appeared at the State Department with a message stating that the Emperor of Japan had signed the treaty at Tokio. A cablegram was immediately dispatched to Spencer Eddy, charge of the American embassy at St. Petersburg, who was instructed to inform the Russian foreign office that the Emperor of Japan had signed the treaty.

France Notifies Japan.

Paris, Oct. 14.—Premier Rouvier, acting on behalf of the Russian government, tonight cabled M. Harmand, the French minister at Tokio, to inform the Japanese government that the Emperor of Russia had today signed the peace treaty, thus completing Russia's part in the conclusion of peace between that country and Japan.

Russian Reserve.

St. Petersburg, Oct. 14.—The treaty of peace was signed today, though the representative of the foreign office refused to make any official statement on the subject. The treaty engrossed on parchment with the French and English text in parallel columns was sent by Foreign Minister Iamsdorff to Peterhof where the ceremony of signing took place.

ACT QUICKLY

Delay Has Been Dangerous in Wilmington.

Do the right thing at the right time.
Act quickly in times of danger.
Backache is kidney danger.
Doan's Kidney Pills act quickly.
Cure all distressing, dangerous kidney ills.
Plenty of evidence to prove this.

R. A. Biddle, clerk at 19 Market street, residing at 606 Castle street, says: "I used Doan's Kidney Pills myself for kidney trouble and my wife who also suffered from backache also used them. I never knew anything to act so quickly, I have suffered quite a long time with my back and kidneys. The kidney secretions were very dark and full of sediment. My wife also complained of her back, and when we read of Doan's Kidney Pills in our newspapers I went to R. R. Bellamy's drug store and got a box. We used them with the best results. In my case the kidney secretions cleared up and the pains left my back. We have neither of us complained since taking Doan's Kidney Pills, and it is with pleasure that I recommend them at every opportunity.".
